# Welcome to the VitrA Vitality Collection

—  
Instant inspiration, endless possibilities  
for your dream bathroom

The VitrA Vitality Collection has everything you need to make your bathroom dream a reality.

With over 1,000 items, the VitrA Vitality Collection offers you plenty of choice. Catering for all budgets there's no need to compromise on style or colour, with some products available in up to six different colours.

From classic, traditional to high-design luxury, you really can design the bathroom you've always dreamt of.

## Something special

—  
All the ranges in this collection are exclusively available to VitrA's independent bathroom showroom partners, offering you quality product, custom design backed by local service

# Why choose VitrA

You're in safe hands, with six decades of innovation and manufacturing experience

# VitrA

The award-winning VitrA Innovation Centre encourages architects and designers to run free with their imagination and explores new products, materials, processes and technologies.

Possessing one of the largest production complexes in the world, VitrA's state-of-the-art factory produces ceramic sanitaryware, bathroom furniture, taps, showers and tiles.

# Sustainability

At VitrA we're passionate about creating a healthier world, starting right from your bathroom

## How do we do it?

Picture this: our ceramic factory in Bozüyük, Turkey, now houses a state-of-the-art solar panel plant on its rooftop. This year alone, it's set to produce an incredible 5.4 million kilowatts of clean, renewable energy. And that's just the beginning! Our plans include expanding this solar initiative across 112,000 square metres, aiming to cover 37% of our electricity needs straight from solar power.

But we don't stop there. Our dedicated teams are hard at work, focusing on every aspect of our production journey. From innovating product packaging to significantly reducing water consumption, we're committed to making a real impact. And you're a crucial part of this journey towards a more sustainable future.

Together, with every purchase you make, you're contributing to a world where every step towards a greener tomorrow counts.

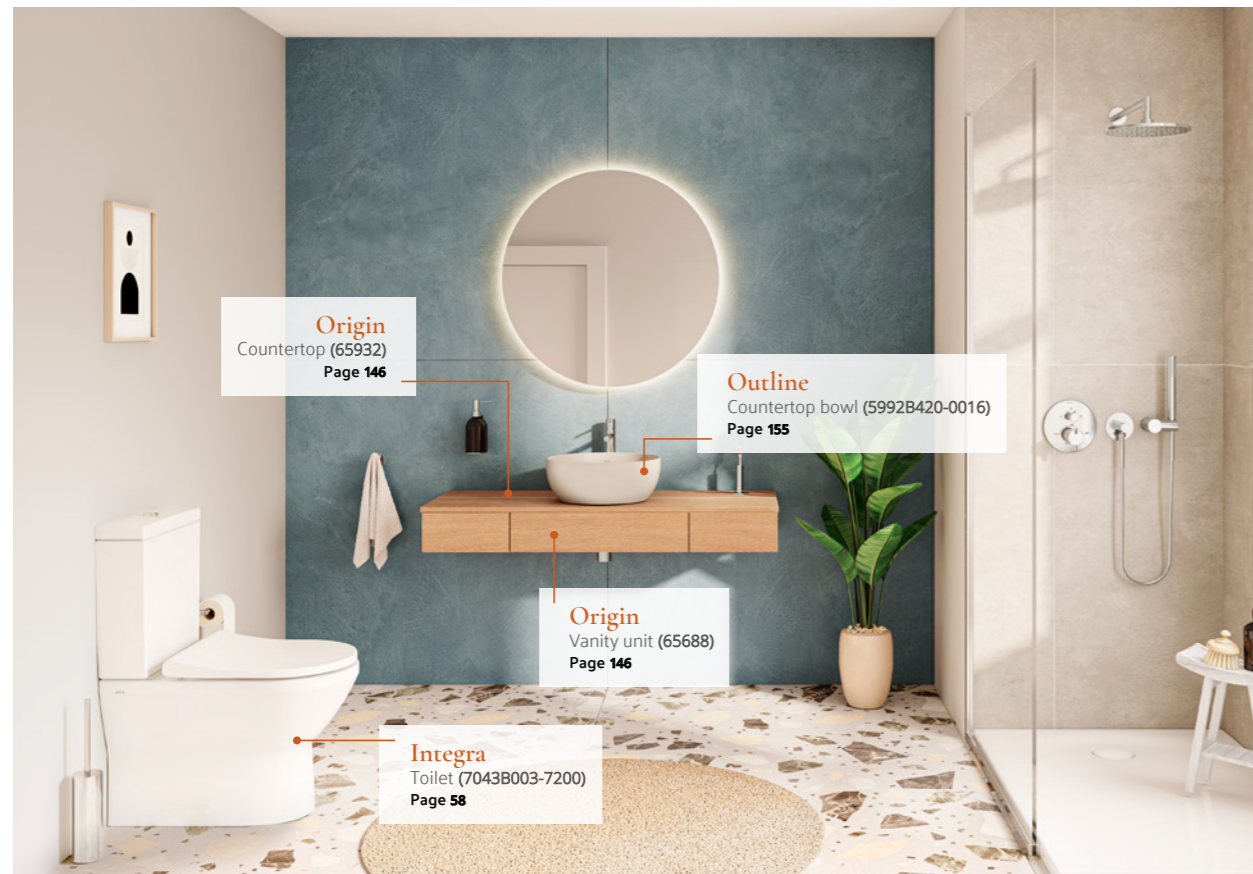

Join us in making a difference, one bathroom at a time

# Design with freedom & flexibility

With our versatile ranges, your bathroom isn't confined to one look.

At VitrA, we believe in offering choice to inspire endless possibilities with your bathroom design whilst being practical and affordable. Our broad and diverse ranges are designed to stand alone as well as seamlessly complement each other, so that you can craft a multitude of unique designs for one space.

Whether you seek a tranquil retreat, an energetic space, or something in between, we provide the flexibility so that you can bring your vision to life.

Experience the freedom to experiment, to create, and to reimagine

## Why limit your design to one range?

M-Line offers sleek ceramics with the choice of two bathroom furniture styles

The M-Line furniture collection offers two distinct designs. The Edge series boasts intricate detail and premium materials; made from composite wooden veneer. Meanwhile, the Pure series presents a relaxed, yet stylish approach, catering to simpler needs with a modern matt finish.

Root Groove

Root Classic

Root Flat

Root furniture comes in three styles - Groove, Classic and Flat - and in eight assorted colours with three types of finish - gloss, matt, or wood. The wood options include walnut and natural oak finishes. Handle options include matt black, chrome and matt white, with two distinct styles to suit the different furniture designs and allow you to match your brassware and accessories seamlessly.

- ① Root Square compact basin mixer, Matt Black - £241 (A4273236) Page 235

Fluted Glass

“ Washbasins, furniture, taps, showers & accessories – designed to work together or as standalone pieces ”

Tom Dixon

The Liquid collection evokes a sense of permanence with soft and rounded forms in durable white porcelain. The bones of this collection are the all-white ceramics, offset with signature chunky brassware in either gloss black or classic chrome finish – a quintessential and timeless core aesthetic for the bathroom. The range also includes distinctive wall tiles, available in five designs and with colour options of White, Black, Grey, Sage Green and Ecru, furniture and accessories.

- ① Two-tone mirror, 56.5x80cm - £761 (66744) Page 102

“ I like contemplating new & better ways of doing things ”

Terri Pecora

Inspired by the heritage of communal bathing spaces and rituals, the award-winning Plural collection presents the bathroom as an informal living space, making it the new heart of the home. Organic-shaped design elements can be used in multiple combinations to form a personalised intimate setting.

- ① Rotating mirror, 35cm, Dark Oak - £1,295 (64059) **Page 119**

Patterned Black Oak

“ Using basic geometric forms shaped by simplicity, Equal creates a minimalist bathroom feel ”

Claudio Bellini

Combining crisp minimalism with functionality, Equal offers a classic monochrome appeal with a clean metallic finish. Inspired by the natural synthesis of man-made structures, Equal's linear designs create a simple foundation to your room in stylish neutral tones.

- VitrA Hygiene**  
Coats all VitrA ceramicware and inhibits the growth of harmful bacteria by 99.9%

# Bidet toilets

A bidet toilet combines the functionality of a toilet with the cleaning provided by a bidet.

As well as saving space, a bidet toilet is also kinder and gentler to you plus there are environmental benefits through the reduced reliance on toilet paper.

At VitrA, we offer a range of options depending on what kind of washing experience you want. Sophisticated multifunction shower-toilets offer wash, dry, and room deodorise features. Some have helpful additions such as sensor lighting which will light up the bathroom when anyone enters the room.

Aquacare	180
V-Care	184

# Aquacare

SCAN ME for Aquacare video

Developed by the Vitra Design and Innovation Team, Aquacare is a bidet and toilet in one, offering a refreshing, clean and hygienic bathroom experience. No electrical connections are required as the water is controlled via standard plumbing methods.

The Integra, Sento and M-Line Aquacare toilets feature soft-closing seats and our hygienic Rim-ex design, and can also be used with the Vitrus cistern (see page 205).

There is also a choice of toilet shape to ensure it will blend with any bathroom design. The mixer tap can either be wall-mounted or integrated into the WC design for the ultimate in choice and flexibility.

Offers a natural and refreshing, water-based cleaning experience

Designed with an integrated mechanical bidet function, Aquacare ensures a better personal hygiene experience

Extremely eco-friendly and significantly reduce the need for toilet paper

Does not require any electrical wiring, connecting to your main water supply for fast and easy installation

Provides an enhanced cleaning experience with advanced technology that ensures the best personal hygiene

When installing an Aquacare toilet there is no additional equipment or preparation required for installation

— Aquacare with integrated thermostatic mixer valve & controller —

# V-Care

VitrA

Hands-free operation

Controllable water pressure, temperature & nozzle position

Easy to clean Rim-ex technology

Adjustable heated toilet seat

Energy-saving mode

Automatic night light

Built-in dryer & deodoriser

## V-Care Prime

The Prime model raises the standard, offering an array of features. Plus for ultimate convenience you can choose wall-hung or floor-standing.

The stylish design complements any bathroom style and the sensor light provides ambient light, perfect for night time visits to the bathroom.

There is a full range of cleaning options, including a gentle front cleaning function for women. Heated seat, variable wash settings and drying options are included for the ultimate personalised washing experience.

V-Care Prime, wall-hung WC pan, Rim-ex, 54cm  
White £3,248 - 7231B403-6216  
H: 465mm W: 390mm P: 620mm

V-Care Prime, back-to-wall WC pan, Rim-ex, 54cm  
White £3,248 - 7232B403-6217  
H: 465mm W: 390mm P: 620mm

V-Care Prime can also be used with the app, so the wash experience can be pre-programmed

## V-Care Comfort

The mid-range option, with the female and male wash function is perfect for families. Auto open and close seat is included as well as variable washing and drying options. Air deodorising is also included.

V-Care Comfort WC pan  
White £3,024 - 5674B003-6104  
H: 455mm W: 380mm P: 600mm

## V-Care Essential

Entry level option but still with plenty of features to meet the cleaning needs of most people. If you don't want the drying option this is the choice for you.

V-Care Essential WC pan  
White £2,145 - 5674B003-6103  
H: 405mm W: 355mm P: 540mm

② V-Care Prime, wall-hung WC pan, Rim-ex, 54cm,  
 White - **£3,248 (7231B403-6216) Page 185**

# Frames

V-Fix Frames are crucial for a modern bathroom, supporting and holding wall-hung toilets firmly in place without the need for expensive structural building work.

Whatever your project needs, VitrA's range of frames offers you complete flexibility. The reduced height frame is perfect when space is at a premium or the room has a sloping roof or low window. The frames can be used in solid, stud and double-stud wall scenarios and are both available with a choice of flushing volumes.

## Need an alternative to a wall-hung frame?

Our Vitrus glass concealed cisterns for wall-hung and back-to-wall WCs can be used with any wall type, removing the need to create a false wall to hide the frame (see page 205).

## V-Fix Prime

### — Regular slim frames —

Regular wall-hung frame, 8cm, floor & wall fixation with electrical connection, 3/6 litre  
**£352 - 768-5800-01**  
 H: 1120mm W: 555mm P: 85mm

Regular wall-hung frame, 8cm, floor fixation with electrical connection, 3/6 litre  
**£403 - 768-4800-01**  
 H: 1127mm W: 555mm P: 130mm

Regular wall-hung frame, 8cm, back-to-back fixation with electrical connection, 3/6 litre  
**£700 - 768-5850-01**  
 H: 1120mm W: 555mm P: 200mm

### — Reduced-height frames —

Reduced-height frame, floor & wall fixation, 82cm, 3/6 litre  
**£320 - 761-5805-01**  
 H: 750-1080mm W: 430mm P: 155mm  

Reduced-height frame, floor & wall fixation, 98cm, 3/6 litre  
**£352 - 761-5825-01**  
 H: 980mm W: 500mm P: 160-190mm  

### — Regular standard frames —

Regular wall-hung frame, 12cm, floor & wall fixation with electrical & water connection, 3/6 litre  
**£352 - 762-5805-01**  
 H: 1120mm W: 555mm P: 160-190mm  

Regular wall-hung frame, 12cm, floor fixation with electrical & water connection, 3/6 litre  
**£403 - 762-4805-01**  
 H: 1120mm W: 500mm P: 200mm  

Regular wall-hung frame, 12cm, back-to-back double fixation with electrical connection, 3/6 litre  
**£700 - 762-5855-01**  
 H: 1120mm W: 500mm P: 260mm  

For optimal performance it is recommended that reduced-height frames are used with standard, non Rim-ex, wall-hung WC pans

## Dimensions

## Water pressure

It's important to understand the water pressure in your plumbing system when choosing your brassware. Whether it's a gravity, combination boiler, pump assisted or mains high pressure (ask your installer if you're unsure), knowing your system will help you find the best product.

The minimum water pressure requirements for each product are marked in the brochure. Most products will suit any water system, however the high pressure products are designed to work with high pressure systems for maximum pressure. Equally, if you have low water pressure, there are lots of products that will work for you

- LP** Low (0.4 bar)
- MP** Medium (0.4 - 1.0 bar)
- HP** High (above 1.0 bar)

## Aerators & shower spray

- Water-saving**  
Water-saving aerators use significantly less water while maintaining a strong flow of 5 litres per minute
- Coin-slot**  
Coin-slot aerators can be conveniently removed with a coin, making them easy to clean
- Aqua spray**

## Key features

- Touchless**  
Controlled by a built-in sensor, our touch free technology ensures increased hygiene in the bathroom

## Tap hole

- 0TH** = No tap hole
- 1TH** = 1 tap hole
- 2TH** = 2 tap holes
- 3TH** = 3 tap holes
- 4TH** = 4 tap holes

## Eco-friendly features

Water and energy-saving products are marked throughout with these symbols. Our mixers include adjustable cartridges to limit maximum heat and flow from the tap, which can save up to 60% water waste

- Water-saving**
- Energy-saving**
- Thermostatically controlled**  
A thermostatic mixer maintains a consistent water temperature by recognising changes in water pressure or temperature and adapting to them
- BluEco**  
Saving energy by supplying cold water instead of warm water when the tap is turned on at 90°

## Accreditations

**Water Regulations Advisory Scheme**  
Promoting sustainability, preventing contamination

**Class A Unified Water Label**  
Unified Water Label indicates a products efficiency, Class A is awarded to products with the lowest possible water and energy consumption.

Flow rates are measured under test conditions with a 3.0 bar water pressure, in accordance with European standards

**Green Building Certificate**  
Green Building Certification is awarded to products that meet the criteria of eco-friendly features, lower environmental footprint and water consumption. They are recommended for projects aiming for a Green Building Certification

# Taps

Find the perfect complement to your bathroom with our stunning tap collection.

Championing both aesthetics and ergonomics, each piece is meticulously engineered to optimise flow, temperature regulation and the use of water and energy. All products include a 10-year guarantee on chrome plating and a 1-year replacement-only guarantee on all working parts.

# Concealed shower systems

A concealed showering system hides the mixer valve behind the wall, just leaving the control plate on display.

They can be installed in any style that you desire, allowing for maximum space-saving and ease of cleaning. The concealed valve can also be mounted on a wall away from shower outlets and the wet space so you can turn your shower on without getting wet.

# Choosing your shower system

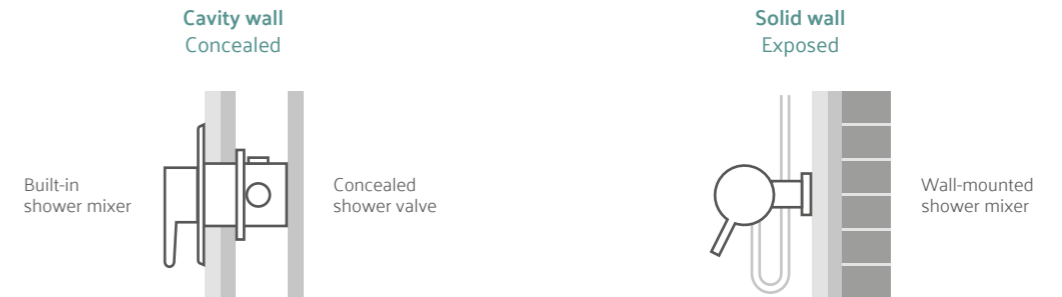

Choosing the right shower system is one of the most important decisions when it comes to designing your bathroom.

To keep things simple, here are three steps to help you select the right shower system for your bathroom

## Step 1

Choose between a concealed or exposed system based on the type of wall you have

## Step 2

Choose your showerhead and/or hand shower

**1-way:** Shower mixer with adjustable water temperature control to a single outlet: hand shower or overhead shower.

**2-way:** Shower mixer with adjustable water temperature control can be diverted to two outlets: hand shower, overhead shower, or bath spout.

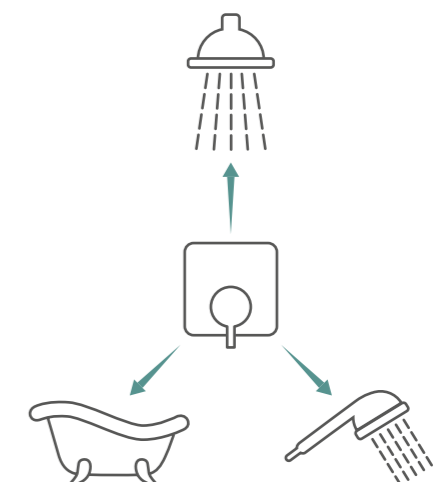

We have a wide range of showerheads and hand showers to match our bath, shower and basin mixers. From traditional to modern, round to square, powerful to water-saving, you can find one that perfectly matches the other elements of your bathroom design.

## Step 3

Adding a bath to your bathroom equation?

**3-way:** A diverter allows the flow of water to be switched from one outlet to another.

These are shown on page 271

# Shower sprays

Whether you are starting or finishing your day, we have the perfect showering experience for you.

From a soft and gentle spray  
to strong & energising,  
you can choose from  
a variety of options

## Aqua rain

Combining relaxing and energising streams that feel like raindrops to give a luxurious showering experience.

## Aqua massage

A stream of intense shower spray with massage function to relieve tension and relax the body.

## Aqua spray

This shower flow is the perfect way to start a new day or wind down for the evening with its refreshing effects.

## Aqua stream

You can enjoy a powerful shower experience with the direct flow of intense water that streams from your shower head.

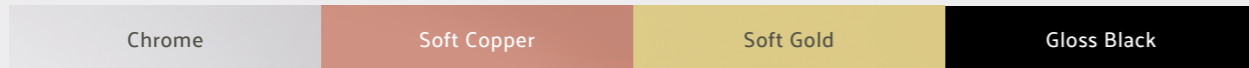

# Get the look

# Built-in mixers

## Concealed thermostatic mixers

Designed by VitrA, the V-Box concealed shower valve enables up to three water outlets (handheld shower, overhead, or bath spout). V-Box can be trimmed to fit 77mm wall thickness, which is standard in the UK. Adaptable to any bathroom design, simply choose your preferred control plate. Alternatively, Aquaheat's thermostatic mixers are designed with the concealed part already built-in, perfect for any bathroom setting and you have the option of soft rounded edges or modern contemporary square.

Promoting sustainability, preventing contamination

# Exposed shower systems

Exposed shower systems are ideal for brick wall installations and are designed to provide versatility and ease of installation, making them a quick and easy option.

Shower columns	286
Slide rails & bar valves	290

# Shower columns

Aquaheat shower packs contain all the necessary components for creating the perfect showering experience.

Featuring a thermostatic overhead and hand shower, each shower includes a water-saving button to change the spray and control the flow of water, thus reducing water consumption. Some Aquaheat showers have the 'cool touch' feature which prevents the shower mixer from becoming too hot to touch. Look out for the cool touch icon:

Aquaheat Bliss 240 thermostatic shower column with 2F overhead  
 Chrome **£388 - A47205**  
 H: 792mm min + 480mm extension P: 524mm
